NPK

Characteristics :

Nutricomplex Gold is a crystalline Speciality 100 % Water Soluble Mixture of Fertilizer (Foliar Spray Nutrition) and its dissolves speedily and completely in water to form a spray solution.

Nutricomplex Gold supply required macronutrients (N, P & K) together in optimum dose to crops.

Nutricomplex Gold contains Nitrogen in different forms needed gradually at different growth stages of crops.

Nutricomplex Gold is useful especially for the healthy vegetative growth of young seeding and growing plants.

Nutricomplex Gold is virtually free from chloride, sodium and other harmful elements to plants.

BENEFITS

- Instant uptake of nutrients by the plants resulting in significant and quick improvement in crop will be seen.
- Through this application, nutrient uptake efficiency will be enhanced as losses due to leaching volatilization will be minimized.
- Since N, P and K are specially structured and designed, this will give an excellent growth in all the stages of crop namely seedling stage, vegetative stage, reproductive stage and ripening stage.
- The nutrients are textured and cohesively balanced. Hence, this will give better result and excellent yield in all crops like fruits, vegetables, flowers, field crops, foliage crops etc.
- All horticultural crops will give awesome results with Nutricomplex Gold .
- Since pesticides and fungicides are very compatible with this product, all pesticides and fungicides can be mixed when applying Nutricomplex Gold .
- Labour expenses will be minimized when compared with conventional fertilizer application

Recommendations :

- o Application: Foliar application System (Spray)
- o All Types of Main Fruit Crops : 60 g - 90g / 15 L water
- o All Types of Main Vegetables : 50 g – 75g / 15 L water.
- o All Pulses : 45 g – 90g / 15 L water.
- o Cotton and soyabean : 60 g – 90g / 15 L water.
- o Floriculture Crops : 45 g – 60g / 15 L water

WARNINGS, HANDLING AND STORAGE

Keep out of reach of children. Do not eat, drink or smoke when using this product. Store in a fresh, dry place and keep away from extreme temperatures. Avoid direct exposure to sunlight. Keep only in original container. Use the product according to the instructions in this label. In case of doubt, please contact authorized technicians.
