

NUTRIBUILDTM

Chelated Mix EDTA

Micronutrient Fertilizer - Maharashtra Grade II

(3% Zn-EDTA + 2.5% Fe-EDTA + 1% Cu-EDTA
+ 1% Mn -EDTA + 0.5% B + 0.1% Mo)

Dosage Recommendation*:

Crops

Fruits (grapes, pomegranate, citrus, banana and others)

Foliar Application

1.5 to 2 gm per liter of water
and 2 to 3 applications

Crops

Vegetables (chili, tomato, onion, brinjal and others)

Foliar Application

1 to 2 gm per liter of water
and 2 applications

Crops

Field crops (cotton, rice, sugarcane and others)

Foliar Application

1 to 2 gm per liter of water
and 2 to 3 applications

*Exact dosage should be used depending on the crop
and micronutrient deficiency in the soil.
